

Spray Buff / Maintainer

A multi-purpose, easy-to-use thermoplastic spray buff, ultra high speed (UHS) floor finish restorer, and auto scrubbing rejuvenator.

- Combines premium polymers, surfactants, synthetic waxes, and solvents for a brilliantly reflective shine.
- Designed to reduce mop and machine drag.
- Ideal for use in any floor repair that requires low speed spray buffing, UHS burnishing or auto scrubbing.
- Designed to be compatible with most floor finishes.
- UMeets slip resistance criteria... "UL Classified as to Slip Resistance"

Formula Features:

- Brilliant Reflective Shine
- Slip Resistant
- Helps Reduce Maintenance Costs
- UHS Compatible
- Excellent Leveling Ability
- Detergent Blended

Applications:

- Use on any floor repair that requires spray buffing, UHS burnishing, or auto scrubbing.
- Ready-to-use strength for spray & buff floor buffing
- Dilute 1:3 as a mop on maintainer. Dries to a dull haze prior to burnishing.
- For use as a repairing floor cleaner
 - Dilute 1:40 with mop dilution
 - Dilute 1:64 with floor machine or auto scrubber
