

P&G Pro Line® General Use Carpet Spot Remover

A concentrated product designed for solvent spotting and general-purpose spot removal. The first product to try on unknown stains.

Features

- Specially formulated with an enzyme combination to break down protein stains and food spots
- Formulated with non-ionic surfactants to penetrate and effectively remove most common soils
- Designed to remove red dye spots found in red beverages, and wine spots
- Designed to remove most petroleum-based soils, betadine, and iodine without damaging carpets or leaving behind harmful residue
- Safe on 5th generation carpet (today's current dye-stable nylon carpeting) and any water-safe fabric

Applications

- For best results, apply directly to affected area through bottle's spout, lightly agitate, and blot
- Works effectively as a general spotter
- Do not use as a spray cleaner, due to airborne enzymes risk
