

**CLEAN QUICK® BROAD RANGE QUATERNARY SANITIZER**

This is an EPA-registered broad range, liquid quaternary sanitizer. It is EPA approved for food contact sanitizing from 150 to 400ppm. It is EPA registered as being effective against Avian Influenza A when used as a disinfectant. It sanitizes without leaving chlorine bleach odors. Usage is one ounce per 5.5 gallons of water to obtain target 200 ppm sanitizer concentration. Quaternary test strips (QT-40 or equivalent) must be used to determine the concentration.

Clean Quick® Broad Range Quaternary Sanitizer is available in 1-gallon bottles, 3 per case.

**TASK AREAS**

- 3-compartment sink (sanitizer compartment)
- Smallwares
- Food preparation surfaces as part of wash/rinse/sanitize/air dry (W/R/S) process
- All food contact surfaces as part of W/R/S process
- Food contact equipment and equipment parts as part of W/R/S process
