Special Directions

Clean unidentifiable stains using the products in order shown below until stain is removed. Stains set by the dryer are difficult to remove.

P&G Pro Line® Tide® Professional Multi-Purpose Stain Remover

Removes the Following Stains:

- Cosmetics: Foundation, Mascara, Lipstick
- Greasy Food: Pizza, Gravy, Tomato Sauce, Meat
- Sauce, Cooking Oils
- Food: Ketchup, Chocolate, Berries, Fruit
- Outdoor Soils: Dirt, Grass, Mud
- Beverages: Coffee, Tea, Wine, Cola, Fruit Juice
- Oils: Sun Tan Lotion, Body Lotion, Body Soils
- Indoor Soils: Black Marks from Cart Wheels, Ink
- Shoe Polish
- Body Soils: Urine, Fecal, Perspiration

NOTE: Multi-Purpose Stain Remover can be added to the housekeeping cart for quick stain removal of any unidentifiable stain. Remover is most effective sprayed on a fresh stain, rubbed with a soft brush. Allow to sit for 10 minutes. Refer to **Common "Dirty" Laundry – Sort, Pretreat, Wash and Rewash Cycle** procedure.

Intercon Rust Stain Remover

Intercon Rust Stain Removal is/will be replacing the P&G Professional Tide Rust Stain Removal.

Removes the Following Rust, Blood, or Any Brown Colored Stains:

- Rust Spots
- Beverages: Coffee, Tea, Cola*
- Tannin Based Soils: Cologne, Color
- Pens, Juice, Berries*

*Cola and Berry stains use Intercon Rust Stain Remover if the P&G Pro Line® Tide® Multi-Purpose Stain Remover spray is not available or if the stain is not removed.

- 1 Put on gloves and goggles.
- 2 Pre-test for colorfastness before use. Do not use if fabric color changes.
- 3 Spray Rust Stain Remover. Allow to sit for 5 minutes. Rust stain will disappear within moments after the application if it is rust.

- 4 Rub with a soft brush and rinse. If stain is not rinsed it could reappear after the wash cycle. If stain remains, try Multi-Purpose Stain Remover spray.

- 5 Launder through Rewash Cycle. Refer to **Common "Dirty" Laundry – Sort, Pretreat, Wash and Rewash Cycle** procedure.

P&G Pro Line® Tide® Professional Stain Removal Treatment – Rewash/Soaker

Removes the Following Stains in a Rewash cycle:

- Cosmetics: Foundation, Mascara, Lipstick
- Greasy Food: Pizza, Gravy, Tomato Sauce, Meat Sauce, Cooking Oils
- Food: Ketchup, Chocolate, Berries, Fruit
- Outdoor Soils: Dirt, Grass, Mud
- Beverages: Coffee, Tea, Wine, Cola, Fruit Juice
- Oils: Sun Tan Lotion, Body Lotion, Body Soils
- Indoor Soils: Black Marks from Cart Wheels, Ink, Shoe Polish
- Body Soils: Urine, Fecal, Perspiration, Blood*

*Blood should be pre-treated with [P&G Pro Line® Tide® Professional Multi-Purpose Stain Remover](#) spray and allowed to sit 10 minutes and be rinsed before washed with [P&G Pro Line® Tide® Professional Stain Removal Treatment – Rewash Soaker](#) in a **Rewash Cycle** procedure.
