

FIT® Antibacterial Produce Wash Concentrate

FIT Antibacterial Produce Wash kills 99.9% of harmful bacteria, like E. Coli, Salmonella sp., Staphylococcus aureus, and Listeria that have been associated with food-borne illness. It is made from 100% All Natural ingredients, like citric acid - contains no chlorine, peracetic acid or other harsh chemicals. FIT is certifier Kosher and is recommended by the American Vegetarian Association.

Features

- FIT Cleans produce better because it actually removes significantly more dirt, soil, and people-handling residues, unlike washing with water alone, or with chlorine or peracetic acid based products.
- Fit is powered by a patented chemistry combining all natural surfactants and organic acids, and is easily diluted in tap water
- Helps keep produce crisp and fresh by helping to control food spoilage organisms. No need to add or use a separate crisping agent.
- Rinses away clean, and unlike chlorine or peracetic acid, leaves no aftertaste or smell.
- Safer for employees to use - no need for protective eye goggles and gloves.

Task Areas

1. Foodservice sink area
2. Easy to use – Fit can be dispensed with dilution equipment or manual pump
