# Clean means business

every experience counts.™

**P&G**  
Professional™

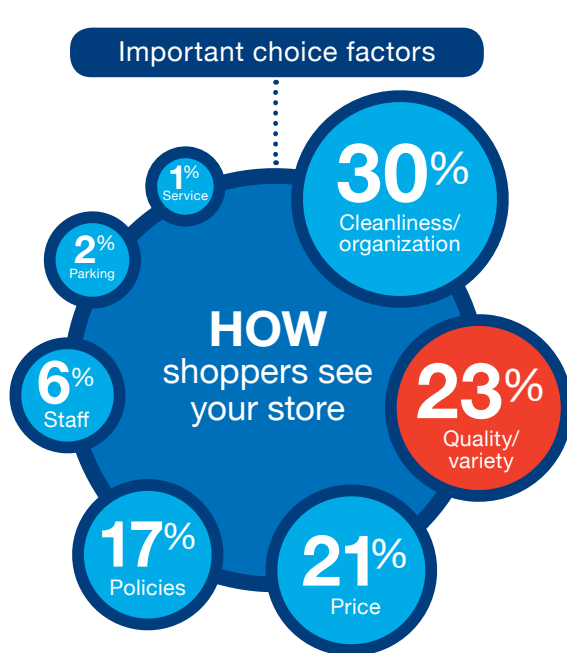

# The value of clean

P&G Professional™ has created a formula that transforms CLEAN into MONEY. With our trusted brands and unique approach, we partner to deliver a noticeable clean that will keep customers coming back time and time again.

## We can demonstrate that clean impacts revenue

Research reveals 30% of store choice is driven by cleanliness.

**So why is it treated as a cost center?**

### Clean shapes perceptions

- Clean stores are one of the most important ways you can create a powerful impression
- Clean stores are associated with high-quality and trustworthiness
- Store areas where clean is most important to shoppers:
  - ✓ Restrooms are clean and well-maintained
  - ✓ Shelves and floors are clean, shiny, and free from dirt/dust
  - ✓ Shopping carts are clean and free from debris

### Clean helps determine length of shopping time in your store

- Shoppers stated that their view of how clean or dirty a store appears would dictate the length of time spent shopping

### Clean increases revenue and satisfies shoppers

- Shoppers choose where they shop based off of how clean they feel the store is
- Clean stores deliver higher revenue because they attract more customers and increase visits

# Why P&G Professional™ can help you create a noticeable clean

With P&G's 180 years of cleaning experience, P&G Professional has the trusted brands and unique approach to create a tailored, highly efficient program that will delight your shoppers and raise your revenue.

Cleaning products aren't just another line item expense, but rather an investment in your store's success. With our trusted brands and unique approach, it's no wonder why P&G Professional™ products are trusted in over 40,000 locations.

**TRUSTED

“I can recognize new customers right away, because when they walk in the store door they stop. They think the floors are wet because they're so shiny, nice, and clean. It gives me the opportunity to greet them.”

– Robert A. Pearson, member of the Ohio Grocers Association

## What makes Grand Opening our highest performing floor finish?

### PROFUSION Technology

Grand Opening, part of our complete line of floor finishes, uses scientifically blended co-polymers and wax emulsions to deliver the perfect balance of shine and durability.

#### WAX EMULSION

The optimum wax ratio is custom matched to the polymers, resulting in the ultimate burnishing response

#### “SHINE” POLYMER

Grand Opening has its own unique blend of shine polymers that delivers both high clarity and gloss

#### “DURABLE” POLYMER

Grand Opening's custom balanced formulations ensure that durability polymers provide the maximum resistance against scuff marks and wear

## Our philosophy

### Our responsibility

As a global company we have operations in 180 countries. We are committed to operating sustainably. We want to ensure consumers never need to choose between the products they use today and what they hope to preserve for tomorrow.

### A business opportunity

Sustainability helps us reduce costs and increase value. Operating sustainably ensures we can continue to operate for generations to come. Sustainability and business successes go hand in hand.

### A way to better serve our consumers

Our brands touch more than 70% of the world's population. We know they care about brand performance **and** sustainable performance. Our objective is to design products that delight consumers while maximizing the preservation of resources.

Our sustainability objective is to **CREATE VALUE** in the away-from-home industry with brands and products that our customers and their guests prefer, while **CONSERVING RESOURCES** and **PROTECTING THE ENVIRONMENT**.

These are just a few examples of how our products deliver against our sustainability commitments:

## Integrated Sustainability

Sustainability is built into everything we do. This leads to total operational value AND the preservation of resources.

# Easy to learn. Easy to use.

Training all employees is essential to the success of your cleaning program. Challenges like high employee turnover, confusing products and complicated procedures make it difficult to effectively train employees and keep your business running smoothly.

## At P&G Professional, our training program is easy to learn – and easy to use.

- Streamlined products that can clean more with less
- Brands your employees already know and trust
- A broad range of training tools

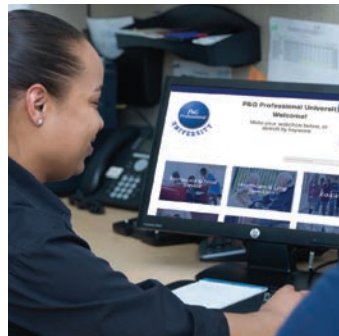

## Customizable training for your business

The P&G Professional Training program provides a number of resources, in both English and Spanish, for ease and accessibility – **customizable to fit with how your business operates**, including:

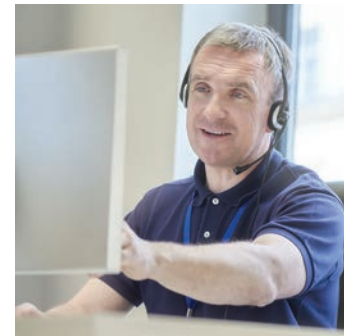

In-person training

Desktop and mobile access to online tutorials, videos and quizzes at P&G Professional University

Simplified procedure materials

24/7 training by phone

# Dedicated to your satisfaction

## Motivated by your satisfaction, not commissioned sales

- Sales and service reps serve different roles, so we're not selling you products or equipment you don't need
- We're measured on customer satisfaction, responsiveness, quality and compliance – NOT commissioned sales

## Service essentials

- Expert installation of performance-guaranteed equipment
- 24/7 emergency support when you need it
- Data capture lets you know what service has been performed, with date and time of visit

## Regulatory support

Our dedicated team works across local, state and federal levels to ensure compliance with:

- Plumbing, food-safety, and worker-safety regulatory authorities, such as OSHA, Board of Health, CMS regulations, CDC guidance, and other local & state public health agencies

## Transparent property reporting

- You'll know when we've been there and what actions were taken
- Receive insights into your locations' performance, based on usage, equipment performance and compliance

## Procedures

- Easy-to-follow cleaning and safety procedures reinforce employee training
- Multi-lingual procedures provide clear understanding
- Digital procedures available through our online portal
