

# CLEANING THE 3-COMPARTMENT SINK

## Tools Needed

- Utility Buckets
- Spray Bottle with Properly Diluted Quaternary Sanitizer
- Non-Abrasive pad
- Quat Test Strips (QT-40 or equivalent)

## Products Needed

Dawn® Manual  
Pot and Pan  
Detergent

Clean Quick®  
Broad Range  
Quaternary  
Sanitizer

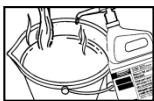

**FREQUENCY OF CLEANING:** Daily and as needed throughout the day.

**SPECIAL DIRECTIONS FOR THIS TASK:** If sensitivity to cleaning solutions is a concern, wear disposable gloves.

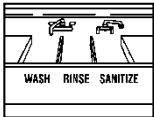

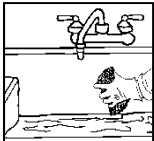

### WASHING 3-COMPARTMENT SINK STEP 1

- Completely drain all 3 sinks.
- Leave drains open.
- Clean out all debris from the drains.
- Discard the debris in the trash container.

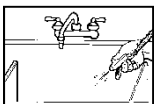

### STEP 2

- Fill a 2.5-gallon clean utility bucket with warm water from the sink and pump ½ oz. of Dawn from the Dawn bottle into the utility bucket.
- Wet the surfaces of all 3 sinks using the Dawn solution from the utility bucket.
- Scrub the surfaces of all 3 sinks using the non-abrasive pad.

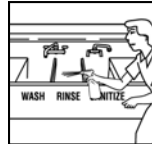

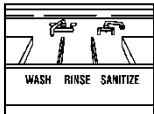

**NOTE: Make sure all water has completely drained from sink.**

### RINSING 3-COMPARTMENT SINK STEP 3

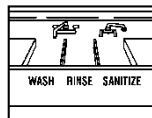

- Using the tap or overhead sprayer, rinse all 3 sink surfaces.
- Continue to rinse until there are no visible suds.
- Allow rinse water to drain completely.

### SANITIZING 3-COMPARTMENT SINK STEP 4

- Using the spray bottle with the sanitizer, wet all surfaces of the 3-compartment sink by spraying the sanitizer from the bottle.

**NOTE: Ensure the sanitizer solution is 150-400 ppm by testing the solution with test strips following the Testing Quaternary Sanitizer Solution Procedure.**

### STEP 5

- Allow excess sanitizer to drain.
- Allow 3-compartment sink to air-dry.

### STEP 6

- If used, remove and discard disposable gloves.
- Wash hands before returning to service area.
